

# Curriculum Worksheet

## Master of Science in Art, Culture and Technology (SMACT)

### HOW TO USE THIS WORKSHEET

SMACT candidates earn their degrees by completing 135 units of graduate-level coursework, 27 units of which are earned by taking the ACT Colloquium (4.387), SMACT Thesis Preparation (4.388) and SMACT Thesis Tutorial (4.389). The thesis course itself, 4.THG, does not count toward your SMACT degree requirements. The number of courses you take each semester is up to you; students typically take four. Required coursework is listed below. Add additional courses under their relevant categories and use the last column to keep track of your total units.

### CORE COURSEWORK

- 4.390 ACT Studio each semester
- 4.387 ACT Colloquium (first term, introduction to theory and criticism)
- 4.388 SMACT Thesis Preparation (second term, final project: thesis proposal)
- 4.389 SMACT Thesis Tutorial (third term, final project: first draft of thesis)
- 4.THG (fourth term; 24 units, which don't count toward SMACT requirements)
- Two ACT graduate subjects, one of which must be taken with an ACT core faculty member
- Two additional graduate subjects

*Note: Undergraduate courses, English proficiency courses, and courses taken pass/fail or as a listener do not count toward degree credit.*

Name: Adv:	Req'd Courses	ACT Subjects	Electives	Units	Total
<b>Term One</b>					
4.387	ACT Colloquium			9	
4.390	ACT Studio			18	
<b>Term Two</b>					
4.388	Thesis Prep			9	
4.390	ACT Studio			18	
<b>Term Three</b>					
4.390	ACT Studio			18	
4.389	Thesis Tutorial			9	
<b>Term Four</b>					
4.390	ACT Studio			18	
4.THG	Thesis			24	
				<b>TOTAL (135 required)</b>
